

Title: Junior Quality Assurance Analyst

Location: Austin, TX

Company: TestTech Solutions Inc.

About the Company: TestTech Solutions Inc. is a leading provider of quality assurance and software testing services for clients across diverse industries.

Job Description:

We are seeking a detail-oriented and enthusiastic Junior Quality Assurance Analyst to join our team. As a Junior Quality Assurance Analyst, you will be responsible for executing test cases, identifying defects, and ensuring the quality of our software products.

Responsibilities:

Execute test cases and perform manual testing to identify defects and ensure software quality.

Participate in test planning, estimation, and strategy development activities.

Document test results, defects, and issues encountered during testing.

Collaborate with cross-functional teams to understand requirements and ensure test coverage.

Assist in developing and maintaining automated test scripts and test suites.

Stay informed about industry best practices and emerging trends in quality assurance and testing.

Requirements:

Bachelor's degree in Computer Science, Information Technology, or related field.

Basic understanding of software development lifecycle and testing methodologies.

Strong analytical and problem-solving skills.

Excellent communication and teamwork abilities.

Attention to detail and ability to work effectively in a fast-paced environment.

Willingness to learn and adapt to new technologies and testing tools.
