

Title: Junior Frontend Developer

Location: San Diego, CA

Company: WebWorks Solutions LLC

About the Company: WebWorks Solutions LLC is a leading web development agency specializing in creating innovative and user-friendly websites for clients across diverse industries.

Job Description:

We are seeking a passionate and creative Junior Frontend Developer to join our team. As a Junior Frontend Developer, you will collaborate with our design and development teams to build responsive and visually appealing web applications and interfaces.

Responsibilities:

- Develop and implement frontend features and functionalities using HTML, CSS, and JavaScript.
- Collaborate with design teams to translate design mockups into interactive web experiences.
- Optimize web applications for maximum speed and scalability.
- Ensure cross-browser compatibility and responsiveness of web applications.
- Assist in troubleshooting and debugging frontend issues.
- Stay up-to-date with the latest frontend technologies and best practices.

Requirements:

- Bachelor's degree in Computer Science, Web Development, or related field.
- Proficiency in HTML, CSS, and JavaScript.
- Familiarity with frontend frameworks/libraries such as React, Angular, or Vue.js.
- Strong problem-solving and analytical skills.
- Excellent communication and teamwork abilities.
- Ability to learn and adapt to new technologies and frameworks.
